## Master EK's 100th birthday celebrations at California, USA

You are cordially invited to the **Group Living** in the SF Bay Area for Birth Centenary celebrations of our beloved **Master EK**.

*"I have come down to earth not to be worshipped by the crazy dreamers as their God once again in a new name. But I am here to be realized by the workers as their own expression of work. I AM yourself uttered forth as your own Master. Remember that you are not different from your own Master. You are in no way other than your own Master. You have no second to yourself, the 'I AM' in you. Let East and West be fused in 'ME': the 'I AM' of all. Live, work and realize ME in you."*

## Program:

A detailed schedule will be sent to the participants.

The Eastern philosophy and Western materialism must be fused in the man to fulfil his life. Man must stand as bridge between East and West to synthesize both. For that we must have Wisdom and application of that in our materialistic daily lives. To guide us, we need a teacher who can lead us in the right direction, and he is called **Guru**. In Indian tradition Guru is Divine. There are many Spiritual Teachers all over the world. Master EK is one of such great Spiritual Teachers. He built a spiritual bridge between East and West among those who followed him. He is a New-Age-Teacher, Healer and Yogi. He lived very innovatively. Neither complete traditional life nor revolutionary life. It is a totally different independent way of life. His followers are attracted by that independence. He provided the ancient way of living which we call Sanatana Dharma and Yoga of Synthesis to the modern age beings in a simple and easy methods. He was chosen by Master C.V.V to spread the Yoga of Synthesis all over the World. There is no exaggeration to say that no other Spiritual Teacher has given such an acquaintance to his followers than Master EK. He gave a synthetic understanding of the scriptures and their usefulness in daily life. Through his lifestyle he proved that the spiritual way of living is possible even in the materialistic world. He promoted the doctrine of pure love and clean life. He is a multi-cut diamond. He is a poet, a Vedic scholar, a teacher, a healer, a friend, a guide and a social reformer.
